

If the person's voice on this was God's, would you be curious to listen?

Wonder what God's voice sounds like? Better yet, if you heard his voice, what exactly would he say? Maybe he would talk about the deepest needs in your life right now. And tell you what life is really all about. The Bible is full of messages from God that he wants you to hear. It's not just historical, showing you Jesus' life and words, but God has a way of speaking to you today through it. If you'd like to explore it with others, please join us. To listen on your own, read "John." You'll be amazed at what you hear.
